**APPEAL NOT RECOMMENDED**

Your county has appraised your property at $43,340. Without comparable sales data available for your specific property, we cannot determine whether the county's valuation is above or below market value. We do not see sufficient evidence to support a formal appeal at this time. We recommend reviewing your annual assessment notice when it arrives and comparing it to recent sales of similar homes in your area. Note: 2 environmental factors were detected near your property that may affect value.

## If You're Called to a Hearing

You'll have 2–3 minutes to make your case. Bring any supporting documents — appraisals, contractor estimates, or photos of your property's condition:

> *"Thank you for hearing my request. I'd like to request a review of my property's assessed value at 720 Park Ave, currently appraised at $43,340. I believe the current assessment may not reflect my property's condition and current market conditions in this area. Comparable sales data for properties like mine is limited, which means both this assessment and any market estimate carry significant uncertainty. I've brought supporting documentation for the Board's review and respectfully request that my assessment be reconsidered."*

**Tips:** Be polite and factual. If you have a recent appraisal, contractor estimate, or photos showing property condition issues, present them. Focus on why the assessed value may not reflect your property's actual condition and market.

**Note:** Filing requirements may change. We recommend confirming all deadlines, forms, and contact information with your county assessor's office before submitting your appeal.
