APPEAL NOT RECOMMENDED

Your county has appraised your property at $90,000. In MI, residential properties are assessed at 50% of appraised value for tax purposes, resulting in a taxable assessed value of $45,000. Your annual property tax of $418.99 reflects an effective tax rate of 0.47%. Without comparable sales data available for your specific property, we cannot determine whether the county's valuation is above or below market value. We do not see sufficient evidence to support a formal appeal at this time. We recommend reviewing your annual assessment notice when it arrives and comparing it to recent sales of similar homes in your area. Note: 1 environmental factor were detected near your property that may affect value.

If You're Called to a Hearing

Bring your Evidence Packet. You'll have 2–3 minutes to make your case. Keep it simple and focus on the comparable sales:

> *"Thank you for hearing my appeal. My property at 15830 22 Mile Rd is currently appraised by the county at $90,000, resulting in a taxable assessed value of $45,000 at MI's 50% assessment ratio. However, I've gathered 0 recent sales of similar homes in the area. The 25th percentile price per square foot of these comparable properties is $0. Applied to my home's 0 square feet, this supports a market value of approximately $0. I've included addresses, sale prices, and details for each comparable in my evidence packet. I respectfully request the Board adjust my assessment to reflect actual market conditions."*

Tips: Be polite and factual. Focus only on whether your property's *value* is correct compared to similar homes that recently sold.

Note: Filing requirements may change. We recommend confirming all deadlines, forms, and contact information with your county assessor's office before submitting your appeal.
