APPEAL NOT RECOMMENDED

Your county has appraised your property at $482,432. Your annual property tax of $2,792.63 reflects an effective tax rate of 0.58%. Without comparable sales data available for your specific property, we cannot determine whether the county's valuation is above or below market value. We do not see sufficient evidence to support a formal appeal at this time. We recommend reviewing your annual assessment notice when it arrives and comparing it to recent sales of similar homes in your area.

If You're Called to a Hearing

Bring your Evidence Packet. You'll have 2–3 minutes to make your case. Keep it simple and focus on the comparable sales:

> *"Thank you for hearing my appeal. My property at 9540 Cliffs Trl is currently appraised by the county at $482,432. However, I've gathered 0 recent sales of similar homes in the area. The 25th percentile price per square foot of these comparable properties is $0. Applied to my home's 0 square feet, this supports a market value of approximately $0. I've included addresses, sale prices, and details for each comparable in my evidence packet. I respectfully request the Board adjust my assessment to reflect actual market conditions."*

Tips: Be polite and factual. Focus only on whether your property's *value* is correct compared to similar homes that recently sold.

Note: Filing requirements may change. We recommend confirming all deadlines, forms, and contact information with your county assessor's office before submitting your appeal.
