APPEAL NOT RECOMMENDED

Your county has appraised your property at $43,340. Without comparable sales data available for your specific property, we cannot determine whether the county's valuation is above or below market value. We do not see sufficient evidence to support a formal appeal at this time. We recommend reviewing your annual assessment notice when it arrives and comparing it to recent sales of similar homes in your area. Note: 2 environmental factors were detected near your property that may affect value.

Location Factors That Support Your Appeal

Our environmental scan detected 2 factors near your property:

- **Railroad:** 1 railroad(s) within 1 mile: Csx Transportation
- **Flood Zone:** Property is in FEMA flood zone AE (Special Flood Hazard Area - high risk)

Mention these factors during your hearing — they strengthen your argument. Flood zone designation can significantly impact property values.

If You're Called to a Hearing

Bring your Evidence Packet. You'll have 2–3 minutes to make your case. Keep it simple and focus on the comparable sales:

> *"Thank you for hearing my appeal. My property at 720 Park Ave is currently appraised by the county at $43,340. However, I've gathered 0 recent sales of similar homes in the area. The 25th percentile price per square foot of these comparable properties is $0. Applied to my home's 0 square feet, this supports a market value of approximately $0. I've included addresses, sale prices, and details for each comparable in my evidence packet. I respectfully request the Board adjust my assessment to reflect actual market conditions."*

Tips: Be polite and factual. Focus only on whether your property's *value* is correct compared to similar homes that recently sold.

Note: Filing requirements may change. We recommend confirming all deadlines, forms, and contact information with your county assessor's office before submitting your appeal.
